

## Public Notice

Intent to amend the Medicaid Home and Community Based Services Assisted Living Facility Waiver Program Application.

Public notice is hereby given that the Wyoming Department of Health proposes to amend the Medicaid Home and Community Based Services Assisted Living Facility Waiver Program Application.

The purpose of this amendment is to phase out and transfer all current ALF participants to the Community Choices Waiver, with a closure of June 30, 2017.

The Department proposes to transfer all current participants starting September 1, 2016 at the time of their renewal or modification of their plan of care with all participants receiving services on the Community Choices waiver effective July 1, 2017. Services will remain the same under the Community Choices waiver. By combining the Assisted Living Facility and Community Choices waiver programs, the Department will be able to deliver the same services under one waiver program rather than two.

The amendment is available for review online at:
